

# Fake Facebook Page Project

For the next couple of days in class you will be working by yourself to create a fake facebook page using the website <http://www.classtools.net/fb/home/page> . You will be responsible for creating all aspects of a facebook page. You will need to find pictures of your person, add friends, and biographical information. You will need to add your biographical information through comments on your page by yourself or by your friends. I want to know who your person is and the events that they were involved in. Tell me what they are famous for as well as their political stance on the issues of the time. You will need to do some research outside of your book. Remember to check the rubric on our class website for more specifics. Have fun and work hard!!
