

# Fake Facebook Page Project

For the next couple of days in class you will be working by yourself to create a fake facebook page using the website <http://www.classtools.net/fb/home/page> . You will be responsible for creating all aspects of a facebook page. You will need to find pictures of your person, add friends, and biographical information. You will need to add your biographical information through comments on your page by yourself or by your friends. I want to know who your person is, add their friends or people who thought like them to your page as well. Tell me what they are famous for as well as their political stance on the issues of the time. You will need to do some research outside of your book. Have fun and work hard!!

## People:
