

# Greatest College Basketball Team of All-Time

Over the next several days in class you will be working by yourself to create a visual report over the team that you have selected. I want your visual report to resemble that of a ESPN 30 for 30 like the one that we watched over the 1983 NC State Wolfpack. You will not be able to do the interviews obviously but what I want you to do is take quotes that people have given about your team and use them in your visual report. I want your report to be 4-6 minutes in length. I would prefer that you use iMovie to create this project since your goal is to create a visual report like an ESPN 30 for 30. Research your team in depth and get multiple opinions about your team and how good they were. Project will be worth 50 points.

## **Requirements to Project:**

- Season Record and Season Stats
- Coach
- NCAA Tournament results
- Season Story (how did your team become so great)
- Best Players
- Margin of Victory
- Any Controversies
- Why should your team be considered the greatest ever?
  - Think about record, stats, margin of victory, players that were on the team and so forth, make a powerful argument why!!
- If you do not create an iMovie you must present your information in class and if you do not, your grade will be docked!!
