

NFL Franchise Research Project

History of Sport

You will be creating an iMovie presentation over the history of one of the 32 current NFL teams (except for the Houston Texans since they are only 11 years old!

The presentation will need to be five to seven minutes long.

You will have 2-3 days of research time, which will include putting the iMovie together.

The due date is Monday, *September 21st*.

Here is the information you should have in your iMovie presentation:

1. The year your team began playing, and how it became a team, and why or how your team chose its nickname **(10 pts)**
2. Team Owner and Net Worth of your team **(5 pts)**
3. Super Bowls, championships your team has won (or even participated in) **(10 pts)**
4. Cities and stadiums that your team has played in: all of them! **(10 pts)**
5. Uniforms: current and past (show us what they look like!) **(10 pts)**
6. Hall of Famers: a little about their accomplishments would be good to include
-some teams have many HOF's: only include the greatest of the greats! **(10 pts)**
7. Famous coaches: yes, every team has had someone great! **(10 pts)**
8. Famous games: yes, every team has had some great games that have been historic! **(10 pts)**
9. Controversies that you can find that involve your team (do not have to be present ones) **(10 pts)**

Other considerations:

- **any other information you feel is important can be considered
- **a list of sources used should be included
- **put things into your own words! A loss of points can result in not doing so.

Websites to use for research:

- www.nfl.com/history
- www.nflteamhistory.com (a really good site!)
- www.nfl-history.com

**There are probably others, so use more!

**No Wikipedia, it's not totally reliable...

Total points for this project: 85 (broken down with the requirements above)

Please put the topics in order as they are listed above in your iMovie!

****Points can be lost for poor behavior and/or wasting class time: USE YOUR TIME WISELY!**

Any questions? If not, we will start by getting a number that will be for the draft of teams!
