

Permission Slip for “The Patriot”

I am sending this home because over the next couple of days in class I will be showing a movie called “The Patriot”. We are currently covering the American Revolution and this movie has some great depictions of battles and foreign relations between the United States and Great Britain. This movie is rated “R” for war violence so this note is being sent home for you to sign and consent for your student to view it. If you are uncomfortable having your student view the movie you do not have to sign the permission slip and an alternate assignment will be provided.

Thank you,

Mr. VanEngen
