

You will be researching a war crime from the World War Two period. You will need to define what a war crime is, researching a particular war crime, and discussing the consequences that should accompany this crime. You will need to write a short research report (3 to 5 paragraphs), present your findings to the class, and create an audio-visual to accompany your report.

Topic

Choose one of the following as your topic:

Nanking, Dresden, Unit 731, Stalin's Purge, Nazi Medical Experiments, Bataan

Written Report

Your written report must meet the following criteria:

Organization

- Must be three to five paragraphs in length (including intro and conclusion)
- Must be typed, double-spaced, include a title page and bibliography
- Spelling and grammatical errors should be minimal

Evidence

Use specific facts to support the answers to the questions

Responses

Your report should answer the following questions:

1. What is a war crime?
2. What events happened concerning your topic during the war?
3. Was your topic a war crime?

Presentation

Your presentation to the class should answer the questions listed above

Audio-Visual

Your presentation should be accompanied by an audio-visual that helps answer the questions. If it is visual in nature it should have a minimum of three pictures. A short video clip would be appropriate or a three to five slide computer presentation. See me if you have specific questions about the requirements.
