

World War II Website Project

Overview:

Over the next couple of days in class you and your partner are responsible for helping explain the impact that World War Two had on the United States. You will be doing this by creating a website using Google sites. You will need to login to your school e-mail (found at www.opsd.org) then at the top of the page there will be a link titled “sites” click that and it will take you to the site creation page. You will have terms listed below that you will be required to define and explain how they impacted a specific portion of the war. The rubric for this assignment is posted on our class website.

Overall Question: What were the important events/people of WWII in _____?

Website Guidelines:

- You should have different pages in your website for each term.
- You will need to have text on your pages defining your terms and answering your overall question.
- You will need to have pictures (3 – 5) on each page that help to provide a visual basis for your terms; don't forget about maps!
- The text **NEEDS** to provide factual information supporting your answer
- You also need to cite **ALL** of your sources at the bottom of each page (provide links to these pages as well)

Extras:

- Music (songs about the topic) has to be relevant
- Video or animation
- Audio of speeches and battles
